<p>67th INTERNATIONAL ROSTRUM OF COMPOSERS Belgrade, October 12 – 15 2021</p>
--

Dear Sir or Madam,

Your organization is hereby invited to take part in the 67th session of the International Rostrum of Composers (IRC) which will be held in Belgrade, Serbia, October 12 - 15 2021. We are very pleased to announce that this flagship program of the International Music Council will be held for the first time ever in Serbia, thanks to the invitation of our partner, Radio Television of Serbia – Radio Belgrade.

The Covid-19 pandemic has affected the entire music ecosystem; radios and contemporary music and not exempt. It is for this very reason that, after having cancelled the 2020 edition and in close cooperation with its partners, IMC has decided to not cancel this year Rostrum as it will be an even more essential platform for exchange and promotion of contemporary music.

Since the foundation of the IRC in 1955, some 400 composers have been promoted and their works broadcast thousands of times within the network of participating radios. After 66 editions, the IRC continues today to be **the most important platform for the promotion of contemporary music** via radio broadcast with some 800 broadcasts of the selected and recommended works in the last season only. Moreover, the IRC is an invaluable occasion to meet colleagues from all over the world and exchange about contemporary music.

Selected and recommended works will benefit from the unique exposure offered by the broadcasts through the network of participating radios. In addition, selected composers in the two categories will be offered an additional opportunity. IMC will offer a bursary to the selected composer in the General Category while for the Under-30 category, thanks to our partnership with the Swedish Radio, the selected composer will benefit from a commission along with a short-residence program (with recording and live broadcast) with the Ensemble Norrbotten NEO from Sweden.

The **new Rules of Procedure** for the Rostrum are attached; we invite you to carefully take them into consideration when preparing your participation. We would like to draw your particular attention to the fact that the **time allocation per country/delegation is 30 minutes**. You are not obliged to use the whole 30 minutes allowed; this total duration being a maximum limit, not a minimum.

May we also kindly ask you to make sure that the recording presented includes **a recording of the correct pronunciations of the titles of the works and the names of the composers and performing artists**. Delegates of the past IRC editions have welcomed this addition as being very helpful for the presentation of broadcasts.

Any proposal for changes in the Rules on your part should be sent in writing along with your reply to this invitation.
